What is it? The U.S. Census counts every person living in the United States and the five U.S. territories.

Who is Counted? The U.S. Census Bureau counts all people of all ages, races, gender, education, national origin, and citizenship status.

Why should you participate? The once-a-decade census data helps businesses, researchers, and communities make decisions about and obtain funding for things like health care, jobs, schools, roads, and political representation.
