

Lunch and a Story GHA staff share their lunch hour

Each summer Guilford County Schools partners with Greensboro Housing Authority (GHA) to provide free lunches to children in five GHA communities. Any child between the ages of one and eighteen can stop by one of the community resource centers and receive a nutritious lunch.

This year, thanks to twenty-seven GHA staff members, the children received a bonus. Participating staff donated a portion of their lunch hour to sit down with the children and read a story while they enjoyed their lunch. The program was not only a hit with the children but staff members as well.

Summer lunches were served beginning June 17th and continued through August 13th. During the nine-week program, nearly 100 books were shared during the lunch program.
